RECREATION RISK RETENTION
— GROUP — TM

United States Hang Gliding and Paragliding Association
P.O. Box 1330
Colorado Springs, CO 80901

Dear USHPA:

We are pleased to inform you that we have approved the addition of USHPA chapter listed in the attached Endorsement as an additional insured for the chapter's purely recreational hang gliding and paragliding related activities taking place at the "Insured Locations" noted on the attached endorsement under the USHPA's GL policy.

Please note that the chapter is NOT insured for activities that take place at other locations. For Chapter activities at other locations, please submit an Event Insurance application. Please also note that the chapter is NOT insured for incidents arising out of the use of any Tow Device, unless the endorsement schedules a Tow Device.

If the Endorsement contains Designated Flying Site Landowners, then that means we have approved the addition of the landowners listed on the attached endorsement as additional insured persons under the USHPA's GL policy for purely recreational activities of the Chapter. Landowners are NOT covered for accidents arising out of the activities of any school or instructor that operates "For Hire", even where that school or instructor happens to be providing a "free" activity at the particular flying site.

TO ENSURE NO DISRUPTION OF YOUR CHAPTER'S RECREATIONAL FLYING ACTIVITIES, PROVIDE A COPY OF THE ENDORSEMENT AND CERTIFICATES OF INSURANCE TO YOUR CHAPTER AND ADVISE YOUR CHAPTER TO PROVIDE A COPIES OF THE CERTIFICATES OF INSURANCE TO THE CHAPTER'S LANDOWNERS.

If you have any questions about the Endorsement or the Certificates of Insurance, contact us.¹
Fly Safe. See you in the sky.

Bill Bolosky
President, Recreation Risk Retention Group, Inc.
